Sherwood

This name is written in the records as Sherwood, Sherrer, Sharro Sherrard. The name was first represented in the Colony in Norfolk County, when the famous trial was held, trying to prove Grace Sherwood was a witch. (See Dr. Squires article)

The most distinguished member of the family was William Sherwood who was Attorney General of Virginia in 1677. He died without descendants.

John Sherrer is living in Isle of Wight, when the records become consecutive, for on Feb. 9, 1663, the following item is found.

Dear Mrs. Chapman:--

Thank you very much indeed for the
use of the notes, which I am returning herewith.

The reference I had on Thomas Dew, York--
a note which reads--"I have seen an inventory of Thomas Dew,
who died in York County in 1691..... using the Quaker
expressions "thee" and "thou".....

One John Dew died Prince George County,
1716. Is there any way to trace that ~~will~~ or inventory?

As to Isle of Wight County I forgot to
inquire if Deed books there would furnish any information as
to land transfers among the Dews that might help straighten
out the line.

And, what are the oldest land records
available in Nansemond County? I have been told that the
earlier records there were destroyed.

It appears that Elizabeth Dew married
John Sherrer, Jr. This Elizabeth and John, who d. IofW 1677,
brother and sister, and appear to have been children of first
Thomas Dew. I don't think there is any doubt but that the
first John Dew in N.C. was the infant son of the John Dew, d IofW
1677. There is lacking proof that John Dew, d IofW 1677, was
a son of the first Thomas. Land transfers might disclose that.
Thomas owned a great deal of land in Nansemond and very probably
some in Isle of Wight too. There are just too many JOHN Dews
in Va. as in N.C. to get them all straight it looks like.

Again thanking you for all your kindness.

Yours sincerely

Howard P. Dew

My dear Mrs. Chapman,

Many many thanks for the enclosed notes that you sent me, with the order of the two books, -all I have enjoyed, and ask you to please pardon the delay in returning these. They came while I was ill,- infact all family down with flu, and I have had two cases of it, leaving me with old trouble of sinus, which resulted in two nose punctures. With it all, I have not felt like doing any work, - nor even copying, so have just finished them and the line, too. I am so delighted to have your two books and soon hope to have all of them..

I am enclosing short sketch of this Sherard line. If at any time you have need of more information concerning that line, will be so glad to send you. With this line, I am working on the Holmes, DuBose, Horne, Vine, and Arrington. Especially do I want to get Colonial records established on this Arrington line. I have it back and all references for it in Nash Co. N.C. but Mrs. Bellamny (N.C. Genealogist would not accept) so then as she said had to be in by certain time, and I could not get books in Memphis on Sherard to establish Colonial line, and she wrote that the Sherard line had possibilities, I secured her service to establish the Colonial line for this party to join The Colonial Dames.. She sent me the form, -and passed the paper. But you notice that I have question mark by Charity Mathews as being wife of Capt John Sherard, - and where she gave Lydia as ~~wife~~ issue of Robt. Sherard for I saw the wills in Raleigh in the Hist. Com. Office ~~and~~ in Nov. and Charity is mentioned as dau. and nothing is said about Lydia being wife or dau. So that for that, and now I am more than anxious to get that Arrington line, - for they came from Nansemond Co.

I notice in your book of the Holmes family from there. They were of Duplin Co., before that made into Sampson. Only about 25 scraps of paper to be found in box in Raleigh of that county, left.

I have much data of N.C. and S.C., so if needed will be glad to send you.

So delighted to know that you are up for Nat. Treasurer of D.A.C and hope that you win out by large majority, - better still no one to run against you. I have just sent my papers off and hope that they were received in time for the Board meeting. Illness prevented getting off sooner.

What would be your charges for working a Bobo line back from Rev. to arrival in America? I am especially anxious to see if I might get my Huguenot line thru that family, and Miss Hardy, who asked me, wants me to go thru that way. I have a Rev. bar on Sampson Bobo. He was ~~born~~ about 1738(this from D.A.R. papers of first one to enter on said line- Margaret Childs of S.C.) She said he was born in France, - but I do not think so. I think that he was born in Va. He died in Union Co. S.C. in 1804 and married Sarah(Sally) Simpson in Spartanburg, S. She from Culpepper Co. Va. born 1743 D 1817/6. Will on file in S.C. But tho, Miss Child's papers gave her as Sally, we have wondered in family if could have been Sally Barham, Simpson or Burwell. Her first boys given those names. And tradition in the family that ~~xxx~~ there were three brothers, who came from France. Gabriel, and twins Elijah and Elisha. I have some data from France, and of Gabriel. Let me know your charges, please.. And will send all data.

Thanking you for the data, and assuring you I am delighted to have your books, and congratulate you upon them, I am,

Cordially,

(Mrs.) Louise Moseley Heaton
